

S6021 - 0-20mA 4-wire, 4-wire

Model: S6021

4-wire current transmitter. 4-wire current transmitter.
 Supports USB, RS232, GSM communication protocols.
[Complies with EN ISO/IEC 17025](#)

Supports USB, COM, RS232, GSM

Specifications

Operating temperature	-30°C +70°C
Accuracy	±0.2% FS
Resolution	7900 levels
Response time	500 ms (typical)
Frequency	0.5 Hz (10s/5ms)
Output current	3 uA (typical)
Supply voltage	3.6 V
Input voltage	0 to +0.2 V (typical 3 uA)
Input current	+3.0V +30 V (typical 100 nA)
Interface	D-Sub 9, RS232, USB
Power consumption	10s/24h
Dimensions	100x64x29mm
Weight	130g
IP rating	IP67 - dust and water resistant
Material	AA 3.6V battery
Operating temperature range	6°C
Storage temperature range	4°C
Humidity range	10%
IP rating	IP67 - dust and water resistant
Dimensions	93x64x29mm
Weight	130g
Power consumption	3W
