

# T3413D 温湿度记录仪 RS485

型号: T3413D

温湿度记录仪

记录长度150mm

规格

|       |                                       |
|-------|---------------------------------------|
| 湿度范围  | 0 to 100%                             |
| 湿度精度  | ±2.5% RH @ 5 to 95% at 23°C           |
| 温度精度  | ±0.4°C                                |
| 温度范围  | -60 to +80 °C                         |
| 温度精度  | ±1.5°C @ T < 25°C, RH > 30%           |
| 湿度精度  | ±1.5g/m <sup>3</sup> @ T < 25°C       |
| 湿度范围  | 0 to 400 g/m <sup>3</sup>             |
| 湿度精度  | ±2g/kg @ T < 35°C                     |
| 湿度范围  | 0 to 550 g/kg                         |
| 湿度精度  | ±2g/kg @ T < 35°C                     |
| 湿度范围  | 0 to 995 g/kg                         |
| 湿度精度  | ±3kJ/kg @ T < 25°C                    |
| 湿度范围  | 0 to 995 kJ/kg                        |
| 温度范围  | -30 to +80°C                          |
| LCD显示 | 温度+70°C, 湿度+70%RH, LCD                |
| 记录长度  | 150mm                                 |
| 通信协议  | ModBus RTU, Advantech ADAM            |
| 通信速率  | 110 to 115200 Bd                      |
| 记录长度  | 0.025mm - 150mm                       |
| IP等级  | IP65, IP40                            |
| 供电    | 9-30Vdc, 0.5W                         |
| 尺寸    | 88.5 x 95 x 195 mm (W x H x D), 150mm |
| 重量    | 225g                                  |
| 包装    | 3个                                    |
