

T7511 -

Model: T7511
 The T7511 is a multi-line sensor that can be used for a wide range of applications. It features a large LCD display and a Wi-Fi interface for easy wireless communication using Web Sensor and .

Temperature	0 to 100%
Humidity	±2.5% RH 5 to 95% at 23°C
Pressure	±0.4°C
Altitude	600 to 1100hPa
Barometric pressure	±1.3hPa at 23°C
Resolution	0.1°C, 0.1%RH, 0.1hPa
Response time	2s
Power supply	DC 5V
Power consumption	Less than 1W
Operating temperature	-30 to +80°C
Operating humidity	5 to 95% RH
Storage temperature	-40 to +125°C
Storage humidity	5 to 95% RH
Dimensions	88.5 x 147.5 x 39.5mm (W x H x D), 88mm, 18mm
Weight	155g
